RE: Scope determination on antidumping duty order on Malleable Cast Iron Pipe Fittings from the People's Republic of China (A-570-881).

1. On 03/16/2017, in response to a request by Atkore Steel Components, Inc. (ASCI), Commerce issued a final scope determination that cast iron electrical conduit articles (i.e., conduit bodies, conduit nipples, and conduit couplings and connectors) which ASCI imports are within the scope of the antidumping duty order on malleable cast iron pipe fittings from the People's Republic of China (A-570-881).
2. Because the imported products, cast iron electrical conduit articles, are non-grooved malleable cast iron pipe fittings that are not metal compression couplings, and because the scope does not exclude products based on their end use, Commerce found these products to be within the scope of the order.
3. Continue to suspend liquidation of entries of malleable cast iron pipe fittings from the People's Republic of China, including the cast iron electrical conduit articles described above, subject to the antidumping duty order on malleable cast iron pipe fittings from the People's Republic of China.
4. If there are any questions by the importing public regarding this message, please contact the Call Center for the Office of AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce at (202) 482-0984. CBP ports should submit their inquiries through authorized CBP channels only. (This message was generated by OIII: ACR.)
5. There are no restrictions on the release of this information.
